

A Unique Run for a Great Cause

The Run By the Sea is a gorgeous 12K run or 4K run/walk that meanders along the undeveloped coastline north of Santa Cruz. Most of the run is on a flat, packed dirt trail, and overlooks wild rocky shoreline. No other running event uses the trail, and with a unique beach crossing, this run is like no other.

The event was envisioned by a local math teacher as a fundraiser to help build a trail along the adjacent rail line for the 10 mile section from Santa Cruz to Davenport, CA. Thanks to several matching grants, the trail is now expected to open as soon as 2018!

Thanks to a donor, 100% of your entry fee goes to build the trail – each entry funds 4 inches of trail!

The event is August 23rd and starts at Wilder Ranch State Park. See www.RunByTheSea.org to register.
